PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented **Java Developer Fresher** with a strong foundation in software development principles, object-oriented programming (OOPs), and relational databases. Hands-on experience building web applications using **Java 8, Spring Boot, and Hibernate**. Proven ability to write clean, optimized code and solve complex algorithmic problems. Eager to contribute technical skills and collaborate effectively within fast-paced engineering teams at leading IT service environments.

TECHNICAL SKILLS

Languages:	Java (Core & Advanced), SQL, HTML5, CSS3, JavaScript
Frameworks & Tools:	Spring Boot, Spring MVC, Spring Data JPA, Hibernate, RESTful APIs
Databases & IDEs:	MySQL, PostgreSQL Eclipse, IntelliJ IDEA, VS Code
Version Control & Core:	Git, GitHub Data Structures & Algorithms (DSA), OOPs, JDBC

PROJECTS

E-Commerce Backend Application | Java, Spring Boot, MySQL, Hibernate Jan 2026 – Mar 2026

- **Developed scalable backend services** using Java 8 and Spring Boot, implementing RESTful APIs to facilitate seamless data communication.
- **Designed and optimized database schemas** by writing complex SQL queries and joins, ensuring data integrity through normalization.
- **Utilized Java 8 Streams and Lambda Expressions** to implement efficient data filtering and sorting, improving runtime performance by 15%.

User Management & Authentication System | Java, Spring Security, JWT, Git Oct 2025 – Dec 2025

- **Integrated Spring Security and JWT** authentication protocols to secure user endpoints and manage session tokens effectively.
- **Implemented OOP concepts** and robust Exception Handling mechanisms to build modular, reusable, and fault-tolerant code modules.
- **Managed code versioning** and collaborative workflows using Git and GitHub, resolving conflicts and maintaining clean feature branches.

EDUCATION

Bachelor of Engineering / Technology in Computer Science Graduation: July 2026

Your University / College Name, City
CGPA / Percentage: 8.5 / 85%

CERTIFICATIONS & ACHIEVEMENTS

- **Oracle Certified Associate:** Java SE 8 Programmer (or relevant course completion).
- **Solved 200+ Data Structure and Algorithm (DSA) problems** on LeetCode and HackerRank utilizing Java.
- Secured 5-star badge in Java problem solving on HackerRank.
